Processor:Dual Core 2.5Ghz

Memory:2 GB RAM

English

It's 2015 and I'm still enjoying this. I have already accepted in my life that I will never find any other action-tech music this good ever again. I would buy this game again simply for the soundtrack.. Excellent Soundtrack. It's 2015 and I'm still enjoying this. I have already accepted in my life that I will never find any other action-tech music this good ever again. I would buy this game again simply for the soundtrack.. Excellent Soundtrack
